The information provided in this Employment Application is true, correct and complete. If employed, any misstatement or omission of fact on this application may result in my dismissal. I understand that acceptance of any offer of employment does not create a contractual obligation upon the employer to continue to employ me in the future.

Would you have any problem passing a Massachusetts state CORI Check? _____

A few Questions for You...

1. Are you a smoker? _____ If you answered "yes" , then can you work a 4 – 6 hour shift without smoking? _____
2. Do you have any problem with working overtime if requested? _____
If you answered "Yes" to this question, please explain below.
3. Do you play any after school sports between March and November? _____
If you answered "Yes" to this question, then we will have to discuss whether your schedule and ours is compatible.
4. Do you have reliable, dependable transportation to and from work? _____
If you answered "Yes" to this question, please explain below.

The majority of our business is on week nights, after 6pm, and on weekends, especially weekend nights, so those are the times when we need people to be available to work. Especially in the spring and fall, we have a small need for people who are able to work the day shift, but you must be extremely mature and independent and able to multi-task. If you go away often with family or friends on vacations and weekends, then this is not the job for you. In fairness to the whole team, we expect all employees to be available to work throughout our season or the time agreed to. However, we do allow employees to work with each other to swap shifts (with manager approval) which works out very well for all employees who need time off. And, we are closed from mid-October until early March....perfect for enjoying the holidays, preparing for final exams and getting established in coursework for a New Year before our spring opening.

We are in the food business and therefore, we are OPEN holidays....Memorial Day, July 4th, Labor Day....and you must be available to work those weekends.

Students that are available to work Spring and Fall (a few days a week beginning now or Past Labor Day) are a bonus. Our season is in full swing by late April, so we hope to have most of our staff on board and trained by then. We have a few summer only employees who can satisfy the above criteria. But, if you do not get out of school until June and go back in August or right after Labor Day that puts you at a disadvantage.

Everyones situation is different and we would welcome the opportunity to sit down and talk to you about working for Greater-Lowell's oldest ice cream shop.
